

March 2018

Dear Parent/Carer

### **Y11 Revision Sessions – Easter holidays**

In order to assist your son/daughter to achieve his/her target in key subjects, the Academy is inviting him/her to attend support sessions to complete his/her revision. During the sessions students will benefit from working with highly experienced members of departments where key areas will be reviewed. He/she will also gain additional guidance and feedback in this session on how to improve his/her knowledge of the subject and examination techniques. He/she has been identified by his/her class teachers as an individual that would not only benefit from this additional support but as a student that will embrace the opportunity to work alongside the staff in the Academy to strive towards his/her GCSE target.

This revision support sessions will be held during both weeks of the Easter holidays. Full details of the revision schedule are shown below. Although this session is not compulsory I feel that he/she would benefit greatly from the experience. I am sure that you would agree that it is vitally important he/she takes every opportunity available to prepare for his/her examinations and I appreciate the support given already.

Monday 26 <sup>th</sup> March	English	09:30 – 12:00	<b>All students</b>
