

16 February 2022

Dear Parents and Carers,

### **Summer Exams 2022**

I am writing to make you aware that advance information from exam boards was released earlier last week.

To make things easier for our young people and their families, we have collated all of the advance information for all subjects at GCSE/BTEC & A Level onto a webpage that will link via a button from our individual school website.

Please be aware that the advance information will not tell you what questions will come up on the exam paper. It tells you which parts of the specification are worth the most focus. A good, broad understanding of all the content of the specification is always the best preparation for success in an examination.

Please click [here](#) to access the webpages and let me know if there are any problems/concerns with this.

We will offer students every support to enable them to reach their potential and for them to leave school with the attributes and qualifications that they need to move on to the next stage in their learning journey. We very much look forward to celebrating the success of our students when results are released in August.

Yours faithfully,

**Alison McQueen**  
**Principal**
